National Security Strategic Review Meeting

Thursday, 26 January 2012. The National Security Bureau hosted a meeting dedicated to the materials prepared by the National Security System Team concerning strategic directions and ways of preparing Polish national security bureau for the next 20 years.

The following guests were invited to participate in the meeting: Secretary of State in the Ministry of National Defence Czesław Mroczek, representatives of the Ministry of Interior, Ministry of Economy, Internal Security Agency.

Head of Team 4, Mr. Andrzej Karkoszka thanked the representatives of ministries and institutions for their support and materials that will be used during works on the final report. Participants of the meeting also discussed technical and substantial issues relating to the material. A particular attention was paid to the way of forming preparatory strategy options, requirements of the recommended directions of national security system transformation. It was emphasised how important is strategic coordination in this field and correlation with the materials prepared by other NSSR teams.
