## Agreement between NSB and NDU

---

**On Thursday 28th January the Head of the National Security Bureau, Minister Aleksander Szczygło met with Rector-Commandant of National Defence University, Major-General Romuald Ratajczak in order to sign an agreement on cooperation during organisation of Holiday Student Traineeships.**

This venture is a continuation of cooperation initiated in 2008 that concerned organising Holiday Student Traineeships by NSB and NDU in the National Security Bureau.

The popularity of HST's program among students is growing each year. In 2009 for one month traineeship we had 20 students competing. Although until the qualifying process there are still three months left, we already receive numerous questions regarding the traineeships. We expect that this year, the 3<sup>rd</sup> edition of HST will be even more popular.
